Kelly BLOUIN REALTOR®

YOUR LOCAL SENIORS REAL ESTATE SPECIALIST®

I chose Kelly after an informative conversation at her booth at a Wellness Fair. I was impressed with her commitment to the **community** and her **knowledge** of the real estate market. So much was new to me after being in one place for 35+ years. Kelly was always present at showings which was **reassuring** and was quick to respond to email questions from me. She made the whole process as smooth as possible and we had a successful result!

Langley Senior Resource Society
20605 51B Avenue, Langley

LSRS recently welcomed our **1000th member!** We celebrated this milestone by providing our new member, Nola, with a free LSRS membership and a lovely gift basket. We know you will enjoy being with us, Nola!

Our **Tai Chi try-it class** was very popular, and we've now scheduled an 8-session series which sold out quickly. We've had a lot of interest in our **Ladies snooker lessons** starting on November 4 - this also filled up very quickly.

I'd like to thank snooker club members Bill Beadle, Ron Trainer, Ike Toews, and John Bonthuis who have offered to coach and mentor our new snooker players. Starting in January 2025, LSRS will offer **clinical counselling for seniors** (page 35). We know that there are many stresses unique to seniors and we hope this new service may be helpful. Our December 16th Monday Morning Talk Show feature clinical counsellor, Romeo Kabada, who will share his background and his approach. Our Programs team is busy planning our holiday activities - a **Christmas with Elvis** lunch, a formal dinner dance with the famous **Dal Richards Orchestra** and of course, our **5 Days of Christmas**. I'd like to thank our wonderful Programs team Kurtis, Janet, and Michelle for their dedication.

Our annual **Season to Share** holiday fundraising campaign will launch this month too. This year, we share Paul's story. Like many seniors, he has lived a life full of experiences and challenges. After years of struggling to make ends meet, Paul was facing his senior years alone, living in his car with no hope for the future. Because of our generous donors, LSRS was able to help Paul regain a stable and joyful life, he now works part time and has even reconnected with his long lost family. Paul is so grateful for the help he received from LSRS.

And finally, our **2025 Membership Renewal** campaign gets underway this month as well. A reminder, we are increasing our annual membership fee slightly from \$63 to \$67. We are so grateful to the City of Langley and the Township of Langley for their annual grants that allow us to subsidize the membership fee for low-income seniors. We want all seniors in Langley to have access to the many programs and services we offer – LSRS is a special place for seniors to stay active, connected and supported.

Cole Rachwalski

Cole has decided to leave the facilities department at LSRS and move on to other opportunities. We wish Cole all the best with his new endeavors!

Qu biologics
RESILIENCE Study

What is the study about?

As adults age, there is a decline in immune function which increases the risk of development and/or progression of infections and other diseases. An example of this was demonstrated during the COVID-19 pandemic, in which older adults suffered disproportionately.

The **RESILIENCE Study** is evaluating the effectiveness of QBKPN Site-Specific Immunomodulator in improving natural immune function and reducing respiratory infections in adults aged 65 years and older.

Who can participate?

You may be eligible to participate if you are:

- ✓ 65 years of age or older
- ✓ Interested in participating in a clinical study evaluating a new therapy designed to enhance your natural immunity

If you would like to hear more about this study:

Please contact the **Qu Study Team** who will be pleased to discuss the study with you and answer your questions.

Email: info@isstudy.ca
Phone: 1-877-223-8637

Website: www.qbiologics.com/clinical-trials/resilience-study

What is QBKPN?

QBKPN is a new medication in a class known as Site-Specific Immunomodulators (SSI).

SSIs are designed to train and/or improve innate immune function to reduce the risk of infections, improve immune response to cancer, and slow the progression of chronic inflammatory diseases.

What does the study involve?

If you are eligible and want to participate, you will be:

- Randomly assigned to receive QBKPN or placebo given through a small needle under the skin three times a week for 16 weeks
- We will measure your immune function using blood tests over the course of the study, monitor you for infections, and ask you about your quality of life, over a period of a year.

Who is conducting the study?

Study Sponsor: Qu Biologics, which is receiving funding from the National Research Council of Canada Industrial Research Assistance Program, to support the study.

Qu Biologics is a clinical stage biotechnology company located in Burnaby, British Columbia, which is developing the immunomodulatory platform called Site-Specific Immunomodulators (SSIs.)

Principal Investigator: Dr. Theodore Steiner

Dr. Steiner is a Professor of Medicine at the University of British Columbia. He is also an Infectious Diseases Specialist at Vancouver General Hospital, a Research Scientist at BC Children's Hospital Research Institute, and the Chief Medical Officer for Infectious Diseases at Qu Biologics.

Looking for **HEARING AIDS**

Tired of saying “Pardon Me”?
Hearing loss can make daily life difficult. We can help.

MEET KIM GALICK OF EARS HEARING CLINICS

Kim Galick is a mother to two beautiful girls, wife to Kevin (23 Years and counting!!) and entrepreneur who pours her heart and soul into helping her community hear better, one person at a time. She is the founder and CEO of Ears Hearing Clinics in Langley and she is passionate about her family, gardening, hockey (which her two beautiful daughters are very involved in) and helping her hearing family on their journey to better hearing.

SUPPORT LOCAL SMALL BUSINESSES

We are a local, independently owned hearing clinic. This was my dream and I'm so lucky to have a family and husband that supports me. Owning a small business has its challenges. Often, some people think it's more 'convenient' to shop at the big box stores, but I encourage you to shop at the small family owned businesses when you can. It's what keeps our local economy going!
